

'HIDDEN HELP' FOR A SLEEK SPACIOUS LAUNDRY

European space saving solutions have made their way to Australia with ASKO's range of 'Hidden Helpers'. Inspired by international living trends, Hidden Helpers make the most of every space – no matter how small.

Asko Single Pull Out Shelf \$299

Asko Pedestal Drawer \$549

ASKO's range of Hidden Helpers perfectly complete any laundry, making day-to-day tasks such as loading, unloading, and folding faster and easier, allowing more time for the finer things in life.

The Laundry Care Single Pull Out Shelf, available in white or titanium, blends seamlessly with any laundry design, providing a useful platform for loading and unloading. The innovative slide out feature means once the laundry is complete, it can be hidden away, leaving the laundry neat and tidy.

The Pedestal Drawer is an innovative storage solution for any laundry space. Hidden underneath the bench or washing machine, the Pedestal Draw provides a place for necessary items, such as detergent, coat hangers and pegs. If positioned under the washing machine, it can also add height to aid the loading and unloading process.

With Australian homeowners placing more focus on their laundry rooms, design is increasingly important. Laundries are becoming more integrated into the home and consumers are looking for unique style, innovative use of space and superb functionality.

The Swedish have a worldwide reputation for stylish living and ASKO's latest range of space saving solutions are a chic addition to any laundry room.

Visit www.asko.com.au or call 1300 00 2756 for the nearest showroom.

The ASKO story

ASKO's kitchen and laundry appliances have helped people cook, clean and care for their families and environment for more than 60 years. Built to last with an intelligent focus on contemporary Scandinavian design and quality, all ASKO products are environmentally friendly.
